

The Four Way Test Our Guiding Principle

From the earliest days of the organization, Rotarians have been concerned with promoting high ethical standards in their professional lives. One of the world's most widely printed and quoted statements of business ethics is The Four Way Test.

Adopted by Rotary in 1943, The Four Way Test has been translated into more than a hundred languages and published in thousands of ways. It asks the following four questions:

Is it the Truth?

Is it FAIR to all concerned?

Will it build GOODWILL and
BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all
concerned? "

What Is Rotary?

The world's first volunteer service organization, Rotary was founded in Chicago in 1905. Rotary quickly expanded around the globe and currently has more than 1.2 million members. Clubs meet for fellowship and to discuss local and global topics. Initiated in 1985, PolioPlus is Rotary's flagship program to eradicate polio from the world. By the time polio is eradicated, Rotarians will have raised more than \$1.2 billion and contributed thousands of volunteer hours to this effort. More than two billion children under the age of five had been immunized resulting in a 99% decrease in polio cases worldwide.

Rotary's 34,000 clubs in more than 230 countries and regions encourage high ethical standards and carry out humanitarian projects to address such issues as poverty, health, hunger, education, and the environment.
